PVT450M (B 670 x T 640 x H 1860 mm)

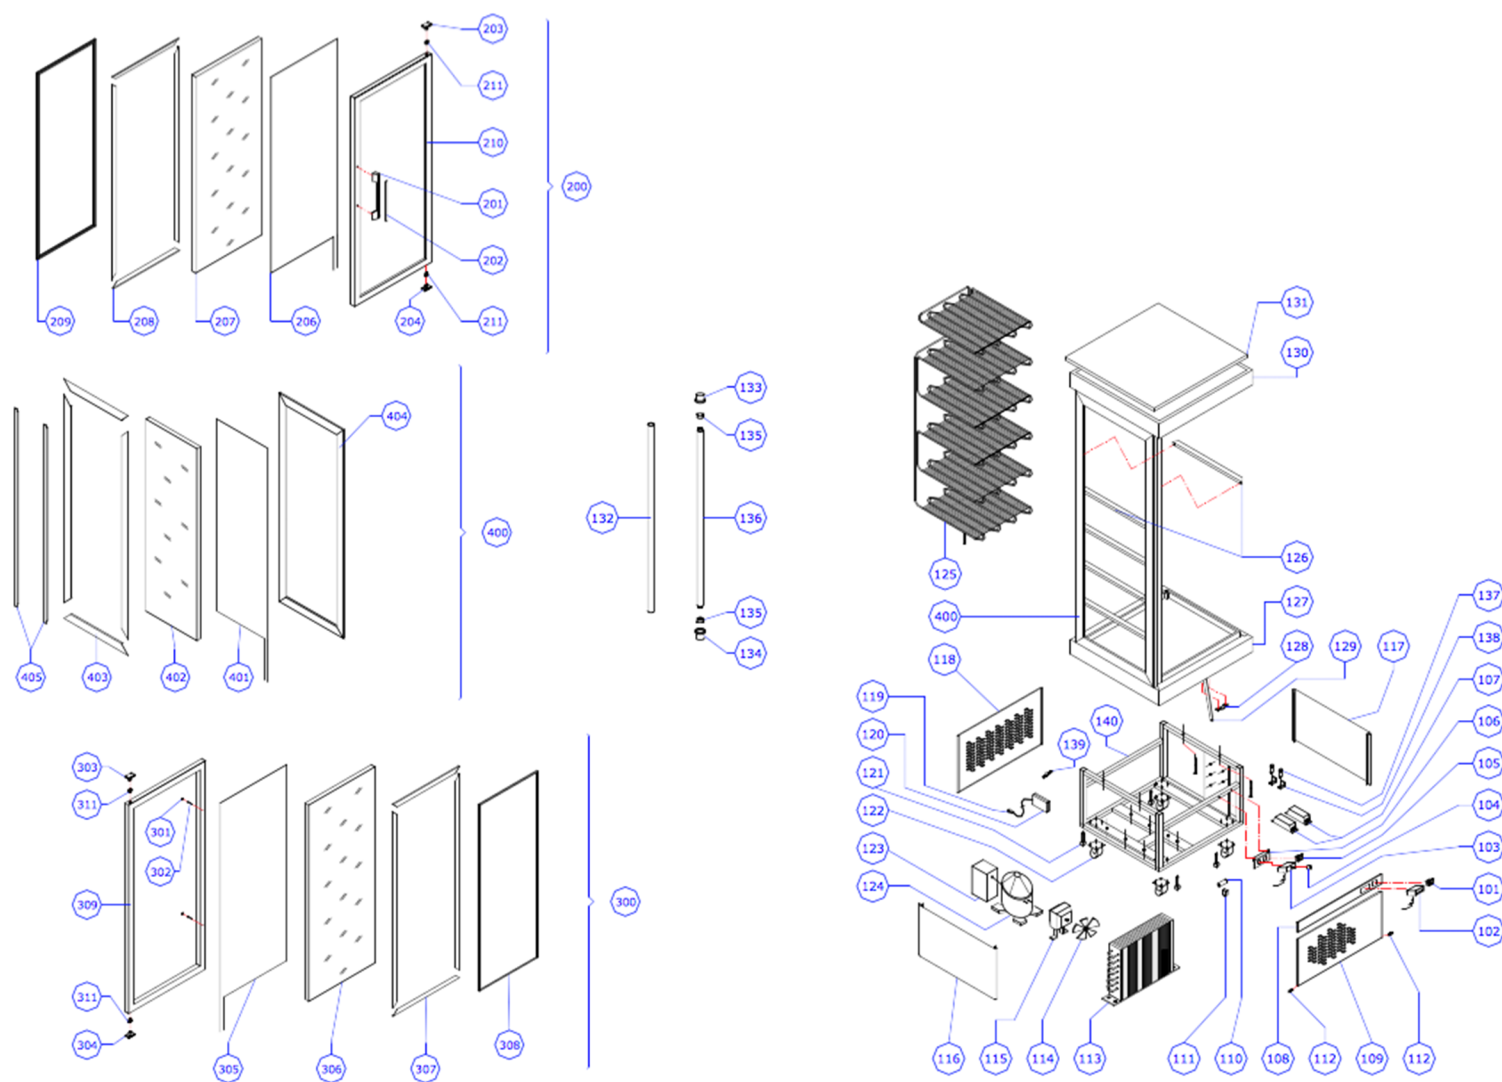

Eigenschaften // Property

Betriebstemperatur // working temperature: -15°C / -25°C
Energieverbrauch // energy consumption: 0,75 kW/h
Spannung / Frequenz // voltage / frequency: 220 V / 50 Hz
Elektronische Temperaturregelung // electronic temperature control
Manuelle Abtauung // manual defrosting
Kühlfaktor statische Kühlung // cooling factor static cooling

Außenmaße // outside dimensions: 670 x 640 x 1860
Volumen // inside volume: 450 l
Maße der Tragroste // grate dimensions: 510 x 440
Anzahl Kompressor // number of compressors: 1

Explosionszeichnung // Exploded view

Legende // explanation

	I	GB	F	E
101	Interruttore luce	Light switch	Interrupteur lumière	Interruptor de la luz
102	Termometro	Thermometer	Thermomètre	Termómetro
103	Termostato	Thermostat	Thermostat	Termostato
104	Manopola regolazione termostato	Grip handle regulation	Règlement de poignée	Regulación de la manija
105	Interruttore generale	Main switch	Interrupteur general	Interruptor general
106	Supporto comandi	Support commandos	Soutien commandos	Ayuda comandos
107	Reattore	Ballast	Ballast	Reactor
108	Pannello comandi	Control panel	Panneau commandes	Panel mandos
109	Griglia anteriore zoccolo	Front ventilation grid	Grille d'aerage avant	Rejilla anterior
110	Filtro disidratante	Molecular filter	Filtre	Filtro
111	Reggi filtro	Filter support	Support pour filtre	Porta filtro
112	Boccola plastica	Plastic ear-ring	Anneau PVC	Anillo PVC
113	Condensatore	Condenser	Condesateur	Condensador
114	Ventola condensatore	Fan	Helice ventilateur	Elice ventilador
115	Ventilatore condensatore	Motor Fan	Ventilateur condensateur	Ventilador condensator
116	Pannello laterale zoccolo sx	Plinth side panel sx	Panneau lateral batis	Panel lateral zocalo
117	Pannello laterale zoccolo dx	Plinth side panel dx	Panneau lateral batis	Panel lateral zocalo
118	Griglia posteriore zoccolo	Rear ventilation grid	Grille d'aerage	Rejilla posterior
119	Cavo alimentazione	Mains cable	Cordon alimentation	Cable de alimentacion
120	Morsettiera alimentazione	Junction block	Barrette à bornes	Bloque de connexion
121	Piedino fissaggio	Feet	Pied réglable	Pie ajustable
122	Ruota pivotante	Wheel	Roue	Rueda
123	Box cablaggio	Box electrical	Box compresseur	Box compresor
124	Compressore	Compressor	Compresseur	Compresor
125	Ripiani refrigerati	Shelves cool	Evaporateur	Evaporador
126	Supporti ripiani refrigerati	Hand rail	Supporte guide	Guía
127	Pannello base	Base panel	Panneau base	Panel inferior
128	Cavallotto fissaggio	Tube clamp	Collier	Abrazadera para tubo desague
129	Tubo scarico acqua	Drain tube	Tube de drenage	Tubo desague
130	Pannello top	Top panel	Panneau haute	Panel superior
131	Lamiera chiusura superiore	Top cover	Cadre superior	Cornisa superior
132	Tubo protezione lampada	Switch evaporator fan	Couvre lampe	Copertura lampara
133	Porta lampada superiore	Upper lamp support	Support pour lampe sup.	Porta lampara superior
134	Porta lampada inferiore	Low lamp support	Support pour lampe inf.	Porta lampara inferior
135	Pastiglia porta lampada	Lamp support	Support pour lampe	Porta lampara
136	Lampada	Lamp	Lampe	Lampara
137	Starter	Starter	Starter	Starter
138	Porta starter	Starter holder	Supporte pour starter	Porta starter

Legende // explanation

139	Blocca cavo	Cable clamp	Collier	Abrazadera para cable
140	Telaio	Plinth	Batis	Zocalo
200	Assieme porta anteriore	Complete front door	Ensemble porte	Puerta completa
201	Maniglia	Handle	Poignée	Manilla
202	Inserto maniglia	Handle insert	Plaquette Poignée	Tatjeta manilla
203	Cerniera superiore	Upper hinge	Charnière superieure	Bisagra superior
204	Cerniera inferiore	Lower hinge	Charnière inferieure	Bisagra inferior
206	Resistenza anticondensa	Anticondensation heater	Resistance anticondensation	Resistencia anticondencion
207	Vetrata isolante	Glass door	Vitre porte	Vidrios puerta
208	Cornice controporta	Door liner	Contreporte	Marco contrapuerta
209	Guarnizione magnetica	Magnetic door seal	Joint magnetique	Junta de cierre
210	Cornice porta	Door frame	Cadre porte	Marco puerta
211	Boccola PVC	Ring PVC	Anneau PVC	Anillo PVC
300	Assieme porta posteriore	Rear complete door	Ensemble porte posterieur	Puerta completa trasero
301	Tappo per foro	Plugs for holes	Bouchon de fermeture	Tapa de cierre de nylon
302	Vite fissaggio	Screw	Vis	Tornillo
303	Cerniera superiore	Upper hinge	Charnière superieure	Bisagra superior
304	Cerniera inferiore	Lower hinge	Charnière inferieure	Bisagra inferior
305	Resistenza anticondensa	Anticondensation heater	Resistance anticondensation	Resistencia anticondencion
306	Vetrata isolante	Glass door	Vitre	Vidrios
307	Cornice controporta	Door liner	Contreporte	Marco contrapuerta
308	Guarnizione	Door seal	Joint	Junta de cierre
309	Cornice porta	Door frame	Cadre contreporte	Marco contrapuerta
311	Boccola PVC	Ring PVC	Anneau PVC	Anillo PVC
400	Assieme laterale	Complete side panel	Panneu lateral	Panel lateral
401	Resistenza anticondensa	Anticondensation heater	Resistance anticondensation	Resistencia anticondencion
402	Vetrata isolante	Glass door	Vitre controporte	Vidrios contrapuerta
403	Cornice controporta	Door liner	Contreporte	Marco contrapuerta
404	Cornice laterale	Door frame	Cadre lateral	Marco lateral
405	Supporti guide	Support	Supporte	Soporte
